

### REMARKS

In view of the above amendments and the following remarks, reconsideration of the rejections contained in the Office Action of May 17, 2006 is respectfully requested.

Claims 11 and 13-35 were pending and treated in the outstanding Office Action. In this regard, the Examiner indicated that claims 14, 15, 16 and 18-35 were allowed. However, the Examiner also rejected claims 11, 13, and 17 as being unpatentable over the Lee reference in view of the Imamura reference. However, the rejected claims have now been cancelled as indicated above. Furthermore, because the claims that were indicated as being allowed in the Office Action have not been amended, it is submitted that these claims are still in condition for allowance.

In view of the above amendments and remarks, it is submitted that the present application is now in condition for allowance. However, if the Examiner should have any comments or suggestions to help speed the prosecution of this application, the Examiner is requested to contact the Applicant's undersigned representative.

Respectfully submitted,

Takashi OHSAKO et al.
